

REMARKS

In response to the office action dated September 11, 2007, Applicant has corrected the deficiency in claim 4. No new matter has been introduced by this amendment. Claims 1-4, 6, 17, 18, and 20-23 are pending and presented for examination.

Claim 4 is rejected as being indefinite. Specifically, the Examiner indicates that "[i]n view of applicant's limiting T and W to CR1, claim 4 now lacks antecedent basis for the pyridine species recited therein." *See* the office action, page 2, last paragraph. Applicant has removed the pyridine compounds from claim 4. Accordingly, Applicant requests reconsideration and withdrawal of this rejection.

Claims 1-4, 6, 17, 18, and 20-23 have been rejected provisionally for obviousness-type double patenting in view of the claims in co-pending U.S.S.N. 10/476,958. Applicant will address this rejection once the present claims are deemed otherwise allowable.

The Petition for Extension of Time fee in the amount of \$460.00 is being paid concurrently herewith on the Electronic Filing System (EFS) by way of Deposit Account authorization. Please apply any other charges to deposit account 06-1050, referencing Attorney's No. 06275-453US1.

Respectfully submitted,

Date: February 6, 2008
